

CAN'T MAKE ENDS MEET?

Have Family Members
Been "Downsized"?

Are You Suffering in the
Recession?

Empowering People to Build Better Lives

We offer free, confidential financial counseling and in-depth lifestyle coaching to individuals and families who have recently been - or will be - "downsized" in their jobs. Whether it's a layoff, a reduction in work hours, or other anticipated decreases in family income, we can help.

Our one-on-one sessions are offered as a service of the Partnership for Families, Children and Adults and Consumer Credit Counseling Services. We will help you create a spending plan to regain control of your finances, learn to live within your means, and we can offer referrals to agencies or programs which may be able to help with other concerns.

Financial Family Counseling can be your first step to a more secure future, for yourself and for your family.
